INTERNATIONAL BENCHMARK TESTS (Australian Council for Educational Research- ACER)

We are pleased to inform you that your child's school has decided to participate in ACER's International Benchmark Tests (IBT).

About International Benchmark Tests

The International Benchmark Tests (IBT) developed by the Australian Council for Educational Research (ACER), is used to determine the position of students on their individual learning pathways so that teachers are able to guide them better and provide for education tailored to their specific requirements. Launched in 2005, the IBT is a curriculum independent high quality skill-based assessment in English, Mathematics, Science and Reasoning for students in school grades 3 to 10.

High quality skill-based assessment

Provides detailed diagnostic report

Certificate for each subject

Allows national and international comparison

Tracks learning progress within grades, across grades and over time

Why IBT?

- IBT helps to track student progress within grades, across grades and over time;
- It can compare student performance across schools, benchmarking them nationally and internationally;
- It provides a detailed report that shows student strengths and room for improvement;
- Awards different category of certificates depending on achievement.

About ACER

The Australian Council for Educational Research (ACER) is one of the world's leading educational research organisations. Since it was established in 1920, ACER has built a strong reputation as a provider of reliable support and expertise to education policy makers and professional practitioners worldwide. ACER is a not-for-profit, independent organisation that has been instrumental in the implementation, management and reporting of large-scale international surveys such as TIMSS, PISA, PIRLS and ICILS.

activities were also honoured.

MOUNT CARMEL SCHOOL, CHANDIGARH

An orientation was organised for the parents of kids admitted to the primary wing. The aim was to familiarise parents with the curriculum, rules and regulations of the school, teaching methodologies and the co-scholastic activities. The programme commenced with a warm welcome to the parents followed by a prayer. Principal Praveena John Singh laid stress on effective communication between teachers and parents and also sought their support and suggestions for the overall development of kids. The parents were briefed about the rules and regulations of the school. An overview of various subjects such as English, Maths, Science and Social Science was given.

Mt Carmel's green brigade attends save environment session

The green brigade of Mount Carmel School, Sector 47, Chandigarh, comprising Bhawna Dhamija, school counsellor, Sachleen Kaur (IX), Irene (VII) and Sherail (VII), attended an extensive workshop on the theme of save environment which was conducted at a Mohali-based hospital. Students of various schools from the tricity participated in learning eco psychological skills through activities, role plays and interactive discussions. The speakers for the same were counselling psychologist Tanvi and Dr Samir Parikh, psychiatrist. The experts enlightened the gathering about conserving the resources like water, food, fuel and refraining from the use of plastic in order to overcome plastic pollution. The students also participated in a tree plantation drive.

CHANDIGARH: Mount Carmel School, Sector 47-B, organised a workshop on 'aviation and flying' for the students of classes 11 and 12 on Saturday.

Students learnt about career opportunities in aviation. The one-hour workshop was conducted by Rev Ken Anderson, certified flight instructor and a pilot from Minnesota, USA. The session gave an overview of the

aviation industry and workforce.

Students were apprised of the qualities and skills required to pursue aviation. They were urged to work on their command over English language, attitude and ability to understand technical information. The session concluded with a question-answer round. Students were informed about the upcoming 10-day pilot orientation programme.
