NOTICE

Date: 08-05-2024

Dear Parents / Guardian (Classes Pre-Nursery to XII) ,

Reg: 'My Vote – My Sacred Duty'.

The Power of every citizen's vote frames the colourful assortments of democracy. The act of voting is not merely a right but a sacred duty that shapes the destiny of our nation. At the heart of a thriving democracy lies the concept of "Matadana" or Voting, a term that echoes the voice of the people. In our, country, the Constitution grants citizens the invaluable right to choose their representatives, irrespective of caste, religion, gender, or economic status. This democratic foundation sets India apart, making it the world's largest democracy.

The act of casting a vote extends beyond an individual choice; it is a collective responsibility that impacts the nation's path and direction. Whether in Lok Sabha or Vidhan Sabha Elections, citizens have the opportunity to shape their governance for progress and prosperity of our great country.

As we stand at the crossroads of civic responsibility, let us embrace the importance of our votes. Democracy flourishes when citizens actively participate. Every vote cast is a step towards a brighter, more equitable future. Let us not underestimate the impact of our Vote and collectively shape a nation, we can be proud of.

In view of the paramount importance of Voting in Elections, we request you to cast your Vote for conscientious participation in the democratic process.

Dr. Parvina John Singh
Principal
