SUMMER VACATION FUN ACTIVITIES

Dear Parents,

- *"Summer is a time to play, learn, and grow! Let's help our kids feel proud of themselves as they discover new interests and skills."*
- *We enjoyed taking care of your children for the last 2 months. You must have noticed that they love coming to school. The next two months will be spent with their natural protector i.e. you. We are giving you some tips so that this time proves useful and happy for them.*

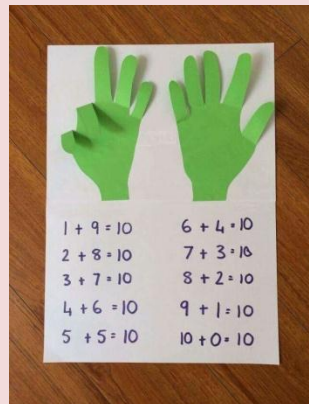

- 
- ***“During this break, let's foster a sense of curiosity and exploration in our children, encouraging them to delve into new hobbies and activities.”***
 - ***Motivate your children to sow seeds to create kitchen garden. Knowing about trees and plants is also important for the development of your child.***
 - ***Eat meals with your children at least twice. Tell them about the importance of farmers and their hard work and encourage them not to waste the food.***
 - ***Let them wash their own plates after eating. Through such works, children will understand the value of hard work.***
 - ***Go to grandparents' house and let them mingle with the children. Their love and emotional support is very important for your children. Take pictures with them.***
 - ***Let your children go out and play, let them get hurt, let them get dirty. It is good for them to fall occasionally and endure pain. A life of comfort like sofa cushions will make your children lazy.***
 - ***Bring some story books with colorful pictures for your children.***
 - ***Keep your children away from TV, mobile phones, computers and electronic gadgets.***

- *Avoid giving them chocolates, jellies, cream cakes, chips, aerated drinks and bakery products like puffs and fried foods like samosas.*
- *Look into the eyes of your children and thank God for giving you such a wonderful gift. In the coming few years from now, they will be at new heights.*
- *As a parent, it is important that you give your time to your children.*

Dear Parents . . Happy Holidays.
