## Mount Carmel School Chandigarh, organised an exciting 4-Days Trip to Mussoorie, Dehradun and Dhanaulti.

Mount Carmel School, Chandigarh, organized a thrilling 4-day educational and adventure trip to Mussoorie, Dehradun, and Dhanaulti under the guidance of Dr. Earnest Charles J. Samuel, Dr. Annie Charles Samüel, and Principal Dr. Parveena John Singh. Students explored the Regional Science Centre and Forest Research Institute in Dehradun, learning about scientific principles and forest conservation. In Mussoorie, they enjoyed a ropeway ride to Gun Hill and leisure time on Mall Road. The trip's highlight was a camp in Dhanaulti, featuring activities like the Mowgli Walk and Burma Bridge, fostering teamwork and endurance. The journey concluded with a visit to Dehradun Zoo, reinforcing lessons on wildlife conservation.

Respected ma'am,  
I would like to thank you for all your  
tremendous efforts and hard work in  
making the mussoorie trip a success.  
The trip was perfect with excellent  
organization!!  
My daughter, Chelsea S Jacob,  
thoroughly enjoyed the trip.  
I appreciate all teachers and camp  
organizers efforts in organising this trip.  
I'm also very grateful to Parveen ma'am  
and Shruti ma'am and all the teachers  
who went in this trip for putting their  
best efforts in managing all students  
and providing them such comfort  
throughout the trip. Answering parents  
queries, sending regular updates while  
taking care of students is definitely not  
an easy task but they made it possible  
with all positivity, love and care.  
Thanks and best regards

This trip was wonderful. Your itinerary  
made sure that the students visited  
some special places that enhanced  
their knowledge, had food for both the  
stomach as well as body and still had  
time to unwind and relax. Thank you  
MCS team for the great experience and  
memories that would be etched in my  
daughters minds. They both enjoyed  
the trip and we along with them as we  
heard their lovely stories.

Thank you ma'am, for keeping us well updated with each and every activity of the child.. this is my son's first school trip. And I'm so confident that will try to send him on more such trip.. A big shout out for the teachers and organisers

14:47

**~ Rajni**  
I'm so grateful that my child in 7th grade had the opportunity to go on a 4-day, 3-night school trip to Koti Kufri. It sounds like it was an incredible adventure, with activities like valley crossing and river crossing that really challenged the students and allowed them to step out of their comfort zones. I'm thrilled to hear that the environment was soothing and that the trip was very well-organized and disciplined. This is exactly the kind of enriching experience that helps kids grow, and I'm so appreciative that the school provided this for the students. I know my child came back feeling invigorated and with memories that will last a lifetime.

Adolescence is the phase of life between childhood and adulthood, from ages 10 to 19. It is a unique stage of human development and an important time for laying the foundations of good health. Adolescents experience rapid physical, cognitive and psychosocial growth.

A presentation on adolescence was shown to the students of classes 9 to 12.

Empowerment through knowledge

On May 16, 2024, the School Counsellor, Ms. Bhawna Dhamlija, conducted a "Good Touch-Bad Touch" interaction session for Class IV. The session included the screening of the video "KOMAL" by CHILDLINE, followed by a discussion on identifying safe and unsafe touches. Students also participated in the "My Safety Circle" activity to recognize trusted individuals they can approach in case of any concerning incidents.

## Mount Carmel School, Chandigarh

The school organised a three-night, four-day trip to Kufri, Koti for students of classes VI-VIII. Prior to their departure, a prayer was conducted by school Principal Dr Parveena John Singh to seek divine blessings for a safe journey. On the first day, students participated in activities based on Leave No Trace (LNT) principles and learnt to cook Maggi with their team members. The following day, they received training in constructing improvised shelters and basic first-aid. To introduce bridge, and zip-lining. These activities provided students with valuable life skills and fostered a sense of adventure. Living in the lap of nature for a few days and beginning each day with prayer, surrounded by teachers and friends instead of parents, was a novel experience for the students. They thoroughly enjoyed the trip, which created many cherished memories that will last for lifetime.

an element of adventure and excitement to the educational trip, several activities were conducted, including the Burma bridge, bamboo balance, bamboo bridge, plank

## Mount Carmel School holds motivation day

CHANDIGARH: Under the aegis of the Founders and Directors Earnest Charles J Samuel and Annie Charles Samuel along with principal Parveena John Singh, Indiannica Learning, a renowned provider of educational solutions, conducted an insightful workshop on "Classroom Motivation and Management" at Mount Carmel School.

The session was led by the esteemed educator, Indu Aggarwal, whose extensive experience in teaching and educational training made the event a notable success.

The workshop aimed at empowering teachers with innovative strategies to enhance student motivation and effectively manage classroom dynamics.

Indu Aggarwal, with her engaging presentation style, provided valuable insights into the psychological and practical aspects of fostering a positive learning environment.

She emphasised on the power of management, science of motivation, action planning and growth.

## Mount Carmel School, Chandigarh

A workshop on 'Competency-based lesson planning' was organised at the school. The event was led by Seema Abrol from Ratna Sagar, focussed on equipping educators with the skills and knowledge necessary to design and implement lessons that emphasise competency over traditional rote learning. Abrol, an expert in educational strategies, guided participants through the principles of competency-based education (CBE), which aims to ensure students develop specific skills and abilities through practical and applied learning experiences. During the workshop, teachers were introduced to various methodologies and tools for creating lesson plans that align with the CBE principles. They learnt how to set clear, measurable learning outcomes, assess student progress effectively, and adapt their teaching strategies to meet the diverse needs of their students. The interactive sessions included hands-on activities, collaborative planning, and discussions on best practices in competency-based education. The workshop was well-received by attendees, who appreciated the practical insights and the opportunity to enhance their instructional approaches to foster a more student-centred learning environment. Principal Dr Parveena John Singh said the workshop would empower teachers to create more engaging and effective lesson plans. By embracing CBE, the principal believed that the school could better support students' individual learning needs, fostering a more inclusive and dynamic educational experience.

## MOUNT CARMEL HOLDS TECHNOLOGY WORKSHOP

**CHANDIGARH:** Under the aegis of the Founders and Directors Dr Earnest Charles J Samuel and Dr Annie Charles Samuel along with the Principal Dr Parveena John Singh, Mount Carmel School Chandigarh successfully conducted an enlightening workshop titled "Counselling Techniques for Generation Z" in collaboration with Orange Education, a leading provider of educational training and resources. The workshop aimed to equip educators with the skills necessary to effectively support the unique mental health and developmental needs of Generation Z students.

The key speaker for the event was Dr Saurabh Maheshwari, a post graduate from IIT and renowned motivational speaker. Dr Maheshwari's insightful presentation covered various topics including the characteristics of generation Z, their distinct challenges, and the most effective counselling techniques tailored for this demographic. He provided an overview of the behavioural patterns, preferences, and technological adeptness of generation Z.

He emphasised the importance of recognising their values and communication styles to build trust and rapport. The session delved into the common mental health issues faced by Generation Z, such as anxiety, depression, and stress, particularly exacerbated by social media and academic pressures. Practical techniques were discussed to address these challenges, including cognitive-behavioural strategies, mindfulness practices, and the use of digital tools for mental health support.

The Principal Parveena John Singh expressed her gratitude towards Orange Education for organising such a pertinent and timely workshop. She remarked, "Understanding and addressing the mental health needs of our students is crucial. This workshop has empowered our educators with the necessary tools to better support our students."
